WIlson-
-will pick up some work on the Trivia questions with format
-troubleshoot the DB connection issues
-

Dylan-
-worked on HBS file for wordle
-need to work on HBS for wordle page
-modify the index file for routing.
-did the form for the wordle

Logan-
-Fixed most the UI for the nav bar and such
-got a good start with the front end for his crossword and is functioning
-not yet fully integrated with the Buff games theme and has to write the clues and terms
-has to set that up with the database

Caden-
-fixing the database for next week
-implement leaderboard properly for each game and have that be displayed in the users

Ryan-
Work on the grading on the geoguessr and getting the map to have correct locations for our panos.
